

November 2026

Canyon Lake Woman's Club

President's Message

What a great meeting we had in October. Cassidy from Eden Accounting spoke to us about Wills and Trusts. She explained the difference between them and how important to have each of these. This is such a large topic and with all of the positive feedback we have asked her to return in January.

Our November General Meeting will be on 11/19th. This will be our Auction. We have moved this to the Country Club this year so that we have ample room and no reservations are needed. The Country Club will have lunch specials for us and as we do at our meetings now everyone will be on their own for payment. Coffee, tea and water will be provided at no cost. Ben will be returning as our Auctioneer along with Dawna. They are the heart of our auction and we are so grateful to have them. Ben and Dawna are with Harcourts Realty group and donate their time to this wonderful activity that supports our community. Ben has a special way of making this a great success and keep us all entertained.

We had a great time at our October Hocus Pocus Gathering. I want to thank all of the committee members for all of their hard work in putting this together and especially Sam Gorrel for all of the excellent food and potions that she also generously donated. Also thank you to Aprile McKinnon for the great music and entertainment.

Our Home Tour will be on December 6th. Tickets will be available starting November 19th at our General Meeting, POA office and Pack Wrap and Post.

Shelley Carter and Kathy Ray did an outstanding job on our yearbooks this year. They were available at our October meeting. If you have not received yours yet please see one of them at our next meeting. Yearbooks are available for all paid members. We are planning another wine time so bring your friends and neighbors out to meet this warm, energetic Sisterhood of Service. More information will be given at a later date when we have it.

Remember to bring your donation of 16oz jars of creamy peanut butter that will be donated to Helping Hands. This is replacing our monthly cash donation.
